VESSEL:
Year:
Make/ Model:

To the best knowledge of the respondent:

1. Has the vessel ever been surveyed? If so, when and by whom?
2. Is a copy of the most recent survey available?
3. Has the vessel ever been rejected for purchase for any reason?
4. Are maintenance and warranty service records available?
5. Was any aspect of the vessel ever the object of an insurance claim?
6. Was any aspect of the vessel ever the object of a dispute with the manufacturer?
7. Has the vessel ever been struck by lightning or damaged by fire/smoke?
8. Has the vessel ever sunk, or even become partially immersed, such as the bilges or cabin having flooded?
9. Has the vessel ever sustained damage or repairs, such as engines freezing/ overheating, hard grounding, striking a submerged object, collision, osmotic blistering, delaminations, stress cracks, core saturation/rot, mishandling ashore or transportation damage?
10. Has the vessel ever been declared a constructive total loss (sold as salvage & repaired)?
11. Has the vessel ever been exposed to salt water?
12. Has the vessel ever been winter stored outside or in an unheated area?
13. When were the vessel's engine(s), pumps and transmission(s)/stern drive(s) serviced?
14. Are there any known defects or deficiencies to the vessel that have not otherwise been disclosed to the prospective purchaser?
